SUMMARY

Fullstack developer with foundational skills in HTML, CSS, JavaScript, React and Python/Flask. Enthusiastic about learning and growing, with experience in GitHub and code review. Ready to contribute and eager to develop my frontend expertise in a supportive team environment.

EXPERIENCE

Lead Frontend Developer
Chingu   **August 2023 -October 2023, Remote**

· As the lead developer on a collaborative team of seven, I spearheaded the development of the Meteor Shower App. This experience allowed me to excel in decision-making, Agile software development, and problem-solving.
· In my role, I focused on front-end development, utilizing HTML5, CSS, and JavaScript to create a responsive and visually appealing user interface. I also integrated Leaflet.js for interactive maps and Chart.js for data visualization, enhancing the app's functionality.
· Working closely with my team, I fostered effective teamwork and communication, ensuring the project's success.
· Decision-Making · Agile Development · Leaflet.js · Responsiveness · Chart.js · Agile Software Development · Teamwork · Problem Solving · Front-End Development · Cascading Style Sheets (CSS) · HTML5 · JavaScript.

Web Developer Intern
Leroma GmbH   **December 2022 – March 2023, Düsseldorf**

· As a web developer intern, I actively contributed to the development of web applications and gained hands-on experience in several key areas.
· Building reactive web components with JavaScript and Lit.
· Creating responsive components using HTML, CSS, and Tailwind CSS.
· Developing user interfaces with modern JavaScript, HTML5, and CSS3.
· Collaborating with senior developers to implement new features and enhance website performance..
